

## ARRESTED FOR THEFT

**Lewis Anderson Charged  
With the Larceny of \$13  
From Sinclair Garage.**

Lewis Anderson, colored, was arrested at Rye Beach this Wednesday morning by Officer Shannon. Anderson was employed recently at the Sinclair Garage and it is alleged that before his departure he rifled the cash register of its contents of \$13. Yesterday he applied for work at Rye Beach and the local police were given a tip as to his whereabouts. When he put in an appearance this morning Officer Shannon was waiting for him and he was placed under arrest. He will be arraigned in police court tomorrow. Anderson is said to be a bad one and has previously done time at Lawrence, Mass. He claims his home is in Lowell, Mass.

## HEAVY FIRE LOSS IN MANCHESTER

**Varick's Hardware Store Destroyed  
This Morning and the Loss Will  
Be Upwards of \$600,000**

Manchester, June 24.—A three-alarm fire broke out in the John B. Varick hardware store, 805 to 817 Elm street, at 2:14 o'clock this morning and in a few minutes the entire basement and first floor were a seething mass of flames.

Under the sidewalk and back through the basement were stored hundreds of gallons of oil and as the flames crept toward and into them, continual explosions occurred which threw the fire into all sections of the lower part of the establishment and from all sides the firemen were confronted with the worst conflagration since the burning of Merchants Exchange.

The fire was first made known by the automatic alarm which appeared on the switch board at the telephone office. The operator immediately notified the police and a call was sent to Policeman Watts who sent in the first alarm.

When the first apparatus arrived, the flames could not be located although a dense smoke was issuing from the front and rear basement windows. In

a few minutes flames shot forth and it was seen that the entire basement was a mass of fire.

The instant the basement windows were broken away by the firemen, an avenue of smoke and flame belched forth and the tongues leaped half across Elm street.

Gallons upon gallons of oil are stored in the front part of the basement and toward these retorts the flames gradually crept until they were at the mercy.

Dangerously near the windows the firemen remained that they might get the better vantage point to direct the streams when at 2:48 a terrific explosion occurred which hurled them from their positions and so injured firefighter John Kerins that he was sent to the Sacred Heart hospital. Even then the fighters refused to leave and in six minutes more a second explosion took place which threw tongues of fire to the opposite sidewalk and filled the entire width of Elm street with an impenetrable smoke.

While these devastating incidents were spreading the fire to all parts of the buildings, the fight from the rear was waged with heroic vigor, still the ravages of the flames were ever increasing until it was plainly seen that every piece of apparatus in the city was necessary to cope with the situation.

Chief Lane realized the magnitude of the fire a few minutes after the first alarm and caused the second to be sounded at 2:45 o'clock. The third followed at 2:51 and from every corner an engine was puffing.

The floor on the street grade was soon burned away and the fire was pouring through the inflammable material with tremendous velocity.

Explosion upon explosion occurred at short intervals, and to the fury of the flames was added the spray of oil

## MOVING PICTURE OPERATOR HELD

**Leo T. Corcoran Accused of  
Passing Bad Check in  
Haverhill.**

Leo T. Corcoran, moving picture operator in this city was arrested in Haverhill on Tuesday. The Haverhill Gazette has the following to say regarding the arrest:

"The police have been looking for Corcoran since April when he gave a worthless check to Ticket Agent Tapley at the Boston and Maine station in exchange for a mileage book and when the check came back a complaint charging the larceny of the book was entered.

Corcoran was formerly an assistant operator at a moving picture theatre and after he had qualified for a license he opened a school of instruction, promising to make operators as expert as himself within a short time. Then he took the job as operator and later found another to Portsmouth.

Corcoran, and his girl friend, according to the police, were on their way to the depot this morning, both intending to leave the city, but Corcoran didn't reach the depot. He was placed under arrest on a Main street car, and told that if he didn't care to move his girl friend knew that he was being arrested to send her on ahead. He had told her that he had business at city hall and would join her in 15 minutes. She went to the depot to wait and kept on waiting for Corcoran didn't get the "unlimited mail" which he boasted of.

He was a real picture of fashion. With white mumps, white silk stockings, a dazzling overcoat and an up-to-date suit, topped off with a hat that was very brilliant in hue and with a stock collar and a cane to complete the adornment, he was positively the most fashionable guest that was ever assigned to a room at the station.

Corcoran had been arrested in season to be taken into court and he looked up when striking figures in contrast to the batch of drunks who were with him in the prisoners' dock. He pleaded guilty to the charge of larceny and Captain Shannon stated the facts of the case to Judge Winn, who told Corcoran that he intended to teach him a lesson that he couldn't get away with such stunts.

He told him that he would give him a chance to make restitution to Ticket Agent Tapley if he wanted to and would then fine him \$1 additional, just to have it cost him something. He gave him until tomorrow morning in which to make arrangements and held him in \$200 bail. Corcoran didn't have the money to settle the case nor was he able to get the bail so that he was marched back to headquarters and locked up again.

## CREDIT TO WHOM DUE.

**Mrs. Folsom Placed in Asylum  
on Petition of County  
Solicitor Gupitill.**

Sheriff Spinnay said to a Herald reporter this morning: "I wish you would state that the transfer of Mrs. Folsom to the Concord asylum was made upon the petition of County Solicitor Gupitill to Judge Chamberlin, and upon the granting of the petition by the court, I directed Deputy Sheriff Shaw to take her to Concord. The order was made before Mrs. Folsom was examined by Dr. Bancroft."

## MASONIC HALL BADLY GUTTED

**Early Morning Fire Does Damage to  
the Extent of \$5000--Stock of  
Portsmouth News Company  
Wet Down**

Masonic Hall was badly gutted by fire this Wednesday morning and the stock of the Portsmouth News Company on the ground floor was badly damaged by smoke and water and will be nearly a total loss. The fire proved a lightning bolt to light and at one time Chief Woods had eight streams pouring tons of water on the blaze.

The fire was discovered shortly before six o'clock and an alarm from Box 58 was sent out. This box located in the central business portion of the city always serves to draw out a crowd and Congress street was soon crowded.

When the firemen arrived the blaze had gained good headway, having worked its way into the partition under the stairways above the second floor. In order to successfully cope with the blaze, holes had to be cut through the roof of the building and the process of driving out the fire was commenced. It was nearly two hours before the fire was extinguished and during that time the flames and the tone of water poured into the building had made a sad wreck of the handsome Masonic Hall in the third story

## VOTE TO SELL BATTLE SHIPS

Washington, June 23.—The administration proposal to sell the battleships Idaho and Mississippi to Greece already approved by the senate was passed today by the house by a vote of 171 to 87. One dreadnought will be built with the proceeds.

The action of the house allows managers in conference to agree to the senate amendment, with alterations providing specific appropriations for the new dreadnought which will cost \$7,800,000, exclusive of armor and armament. The proposal provides immediate funds of \$2,635,000 to begin work on the vessel as soon as the sale is consummated.

The proposal was agreed to in spite of the charge by Republicans on the floor that the sale meant "entangling European alliances" and would involve the United States in the Balkan troubles.

Representative Padgett declared that the administration believed the sale of the two vessels would have a tendency to preserve the peace between the nations involved, and asserted that he knew of no protest against the sale being made by either country.

The Mississippi is now at Portsmouth navy yards and it will be necessary simply to unload from her and place her in the hands of officers and crew to be provided by the Newport News company to take her to Athens. The Idaho is at Gibraltar with a number of midshipmen on board on their summer cruise from the naval academy. It is believed that the boys will be transferred with the ship's company to the battleships Illinois and Missouri, and the Idaho will be turned over to a Greek crew.

## OPENS ON JULY 4TH.

**York Beach Will Be Represented by a Strong Base Ball Nine.**  
The York Beach baseball team will open its season on July Fourth with a double header. The strong Rochester team will be their opponents in both the morning and afternoon. The games will open a league series in which York, Rochester, Somersworth and Dover will figure. No name has been given the league but as it is a four cornered series, there is no doubt but what the interest will be keen. The Atlantic Shore line railway is interested in the league and will back it up. It is the first time that the beach team has ever attempted to jump into a series of the kind, and Manager Young feels that it will be the best attraction that he can secure. It will also do away with the bother

## WORKMAN HAS FOOT CRUSHED

**Edward S. Baker Was En-  
gaged in Removing  
Propeller.**

In removing the propeller from the U. S. S. Wheeling shortly after one o'clock today, Edward S. Baker of New Castle, had his left foot so badly crushed that amputation of the big toe was thought necessary. He was removed to the Portsmouth Hospital in the yard ambulance at 1:45 where he received the necessary surgical treatment. Several of the other workmen had a narrow escape from serious injury.

## FAREWELL BALL.

The graduating class of the Portsmouth High school gave a farewell ball at the Bunting House, Rye Beach, on Tuesday evening. A large attendance passed a delightful evening until midnight, when a special car was taken for this city.

# KNIGHTS OF COLUMBUS OUTPLAY THE MARINES

**Losers Unable to Hit Heffernan Safe**  
--Knights Play Fine Ball.

The Knights of Columbus and the Marines played a game of baseball on Tuesday evening, when they dropped their seventh straight game to the Knights of Columbus. Summed up briefly they were defeated by a better team, who hit the ball and played the game better than the Marines. The Marines, however, played the best fielding game they have shown this season and Hallman who was in the box got very good support. Berg in center contributing two good catches, one a line drive that he got on the run and had he missed it, it would be simply a home run. McCord in left stopped two hard drives, one off Heffernan's bat that looked as though it was tagged for several bases. Moser played a good game at short and Mins made a wonderful catch of a high foul ball off the first base bleachers. Wiggin back catching, played a fine game.

slung to left, Mercer followed suit and McDonald placed one in the same garden and two runs scored.

The Marines got their tone tally in the third, Letch getting a pass, slugging second, going to third on a passed ball, and coming home on Moser's grounder to C. Reardon.

#### The Game in Detail

##### FIRST INNING

The Knights were up and M. Reardon opened with a strike out, O'Brien was thrown out by Strand and Mates by Hallman.

Letch was out, M. Reardon to C. Reardon, Moser fanned; Mins singled to left, Wiggin hit through W. McWilliams and when Mins tried to make third he was thrown out by O'Brien to J. McWilliams.

##### SECOND INNING

Heffernan singled to left, and was forced at second on Mercer's grounder to Moser, McDonald called one that Hallman broke, and Moser fumbled, Mins beating it out, W. McWilliams walked, filling the bases, C. Reardon walked a long ball to left center that scored three runs and landed him on third but J. McWilliams fanned three runs.

Berg grounded to W. McWilliams who threw to first, C. Reardon leaving the base and missing his man. He stole second, Strand and McDevitt fanned and McCord fled to W. McWilliams back of third.

##### THIRD INNING

O'Brien was thrown out by Letch, Mates by Hallman, Heffernan singled to left, Mercer followed with another single, in the same place, Heffernan making third, Mercer going to second, McDonald slugged to left and Heffernan and Mercer scored, W. McWilliams drew a pass, C. Reardon grounded to Moser who retired W. McWilliams at second. Two runs.

Hallman struck out, Letch drew a pass, slugging second, went to third on a passed ball and scored when Moser rolled one to C. Reardon at first who chose to retire Moser rather than throw home, Mins was thrown out by Heffernan. One run.

##### FOURTH INNING

J. McWilliams hit a high fly back of the player's bench almost into the bleachers which Mins made a great catch of, Reardon hit a long ball to left center that Berg made a fine running catch of, O'Brien beat out a roller along the third base line and Mates was called out on strikes.

Wiggin was hit and stole second, Berg fanned, Strand fled to Mates and McDevitt was thrown out by Heffernan.

##### FIFTH INNING

Heffernan fled to Moser back of short, Mercer raised one for Letch, McDonald was passed, and moved up when W. McWilliams was passed for the third time, C. Reardon hit to Letch who forced W. McWilliams at second.

Whetmore who had replaced McCord in left singled over second, but was thrown out later stealing second, Christie batting for Hallman struck out, and Letch followed suit. The score:

## POSSE SEEKS NEIGHBOR OF MAINE GIRL

Missing Friend of Murdered Woman Heads for Canadian Line.

Carleton Me., June 23—A large posse of men assisted the county officers today in searching for a young friend and neighbor of Miss Emma Jensen, whose body was found this forenoon on the New Sweden road. He was believed to be making for the Canadian line.

No warrant had been instituted for his arrest but the search had been instituted in consequence of information which had reached the officials that upon his arrival home late last night the young man was alleged to have informed his brother he had shot a man who was with the Jensen girl. The father was reported as having expressed fears that he had killed himself.

The Jensen girl who was the twenty year old daughter of a successful Norwegian farmer living four miles out on the New Sweden road, was thought to have been murdered and jealousy was believed to have been the motive. It was understood she had shown some special attention to one of the circus men while attending a circus performance here yesterday.

She was seen last at 7.03 last night. Today her body was found concealed by bushes along the New Sweden road, about half way toward her home by Frank Brown a local farmer. His location was revealed by a bit of white dress goods and a trail of blood. The body was stretched face downwards with two ugly cuts or possibly bullet wounds on the head.

The cause of death was expected to be held tonight upon the arrival of Dr. S. W. Boone, the county medical examiner from Presque Island, taking charge of the investigation.

It was thought the girl was attacked while walking home during the evening, possibly while accompanied by some person.

It was decided late tonight to postpone the autopsy until tomorrow.

The family of W. L. Carter of Nashua are enjoying the summer at Rye Beach.

## COMMERCE COMMISSION WILL HEREAFTER MAKE THE RATES

Washington, June 23.—That the distribution throughout the country of the benefits of the Panama Canal will rest with the Interstate Commerce Commission and not with the transcontinental railroads is one of the conclusions being drawn today from the Supreme Court's decision in the intermountain rate cases, in which, after nearly two years of consideration, the court upheld the orders of the

commission by unanimous opinion. It has been generally claimed that the Panama Canal would reduce freight rates from Atlantic seaboard points to Pacific coast cities, and vice versa, but the question to what extent the railroads might allow interior points to share in the benefits of water competition enjoyed by the seaboard cities was in dispute. The decision of the court is that the commis-

sion will answer those problems, and that the railroads may simply proceed to haul the freight. The railroads fought for the right to adjust the trade balances among various sections of the country. The court found an answer to the whole controversy in holding that Congress had conferred on the railroads themselves the right to make discriminations in favor of a long haul, and hence they had the right, and Congress did in 1910 take this right from the railroads and give it to the commission. Had the decision been to the contrary it would have rested in the judgment of the railroads how far interior cities had to share with seaboard cities in the benefits of water competition.

Application from railroads to put into effect long and short haul rates throughout various sections of the country have been held up pending the court's decision. It is expected that the commission will at once take up these applications, pass upon them, and if they are found reasonable determine by how much it is right for the railroads to allow certain rates for short hauls to exceed those for long hauls.

## DIVERS EXAMINE WRECK OF EMPRESS OF IRELAND

Quebec, June 23.—When the steamship Empress of Ireland wreck inquiry was resumed today, Capt. Walsh, marine superintendent of the Canadian Pacific Railway, continued his testimony in regard to the number of boats and lifeboats carried by the liner. In every case the number called for by regulations was found to have been exceeded.

C. S. Haight of counsel for the owners of the collier Stordstad, which rammed the Empress, questioned the witness about the promotion system in vogue in the Canadian Pacific Railway Marine Service. Capt. Walsh said that the command of the Empress steamship was the highest position in the service.

"Satisfactory is not the only qualification for promotion," he said, "and the more efficient men get the better opportunities."

"Our captain," the witness continued, "was ordered that they must take no risks when the lives of so many passengers would be involved."

Haight asked Capt. Walsh for the time of the departures and arrivals of the Empress during her last 15 voyages. The witness said the information could be obtained from his office in Montreal.

Capt. Walsh said the pilots employed by the Canadian Pacific Railway receive no bonus, either per trip or at the end of the year.

A lifeboat, similar to those with which the Empress was fitted, was produced.

"Is it customary to give instruc-

tions to passengers in the use of the boats?" asked Justice McLeod.

"I think not," said Capt. Walsh. "I confess that, in an emergency, I would hardly know what to do with that handle," said the justice.

Capt. Walsh put the belt on and tied it at the neck.

**Diver Fatally Hurt at Wreck.**

G. W. Wetherup of New York, who had charge of the diving operations at the wreck, described the tugs made in the vessel by Edward Cassin, who was afterward injured during his work and died. He said that the diver, during several trips, had established that the Empress was lying on her starboard side, with her rigging pointing in shore. Her hull was in 14 or 15 feet of mud, with the bows pointing to the north.

According to the diver's theory, said Wetherup, the vessel sank with her smokestacks practically parallel with the water, the force of gravitation tending to bring her upright again and when she struck the bottom she went back on her side.

After a thorough examination of the witness by Mr. Haight about the position of the vessel as she sank, Lord Mersey, chairman of the commission, asked what this evidence was intended to show.

Mr. Haight—It establishes, my lord, that the vessel as she lies, is pointing north, 45 degrees east. This is practically the angle on which we say she was heading when she hit us.

Mr. Wetherup said, in reply to further questioning, that he did not consider it possible to raise the ship.

## SLAYER OF INSPECTOR NORTON IS INDICTED

Boston, June 23.—Lawrence Robinson, charged with killing Police Inspector Thomas F. Norton last Friday, was indicted for murder in the first degree today by a special grand jury. In another true bill Robinson was indicted jointly with Joseph Dandy, known to the police as Joseph F. Daniels, for the murder of Norton. Both defendants will be arraigned Friday.

The grand jury was in session only a few hours.

One of the most important witnesses, it was said at the district attorney's office, was John F. Monroe, proprietor of the Boylston cafe, where Norton was killed when he attempted to arrest Robinson for the Grand Rapids, Mich., police on a murder charge. Monroe produced a 32-caliber revolver bullet, which he found in the restaurant after the shooting. The bullet fitted Robinson's automatic revolver and is believed to be the one which passed through Norton's body.

## STRENGTHEN AMERICAN LINES

Heavy Guns to Be Mounted at Vera Cruz, It Is Said—Mexican Federal Troops Outside City are Reinforced

Vera Cruz, June 23.—There are apparently well founded reports that the Federals are moving reinforcements from the capital towards Vera Cruz. Captain Burnside, brigade intelligence officer, is inclined to believe that the unloading of heavy guns from the transport Hancock at the terminal dock has caused uneasiness among the Federals and that this accounts for the unusual activity observed among their outposts the last few days. Several new Federal outposts have been seen by the Americans. The unloading of advance base materials from the Hancock is said to be for the purpose of clearing the guns, but it is considered possible that some of the heavy guns will be mounted to command the approaches to the American lines.

## COUNTY COMMISSIONERS MAY MAKE OFFER FOR THE BRIDGE

The County Commissioners of Rockingham and York Counties will hold another meeting on Thursday to consider the Portsmouth Bridge matter, and it is probable at that time that the Commissioners will make the railroad an offer for the bridge.

The Commissioners have not at any time considered the matter of a lease as there is no provision in the law for such disposal of the matter. The Commissioners figure that if they purchase the bridge and hold it for six years, as they are permitted to do by law, that the receipts from the tolls in six years will almost if not entirely pay the cost of the bridge. The bridge of course at the end of six years to be made free.

Both Commissions are looking into all phases of the matter before arriving at any decision.

## RATE VERDICT MAY COST RAIL- WAYS \$10,000,000

Way Open for Many Suits Following Upholding of Charges Fixed by Commission.

Washington, June 23.—Following the Court's decision in the intermountain rate cases the way is open for shippers to recover a sum estimated as high as \$10,000,000 from railroads which have been charging the old rates while the case was being fought through the courts. Reparation, if any and the amount will have to be decided by the commission in a separate action.

## Give the Negro a Chance.

All who believe in giving the Negro a fair chance in the political as well as the industrial life of the country will welcome the news from Washington that President Wilson is preparing to appoint a colored man as recorder of deeds in the District of Columbia, thus following a precedent established in reconstruction days, and one that has been faithfully observed since that time.

It is announced that southern senators will fight against confirmation, as they did when the president appointed a colored man as a municipal judge in Washington some time ago. The southerners did their best to defeat the appointment, but in vain, and there is reason to hope and believe that in the coming test their efforts will be equally futile.

There is no good reason why the colored race should not receive recognition in public life. In elections and appointments the various nationalities are recognized when they present proper candidates—and possibly in some cases when they do not—and to exclude the Negro on account of his color alone would be neither just nor politic. The Negro race has all the rights of citizenship except in sections of the country where it is unjustly deprived of them, and it should be given a fair chance in the battle of life, public as well as private.

It is easy to understand the prejudice of the southerners against such a proposition, but that prejudice must not be allowed to stand in the way of a square deal. Of what use is it to tell the Negroes they must make their way in the world by honest and earnest effort, and then deliberately block their pathway when they show signs of progress?

President Wilson deserves credit for the stand he takes in this matter and his hands should be upheld by every man who believes that the colored race, which has made remarkable progress since it was freed from the bonds of slavery, should be encouraged rather than repressed. In this way only can the race be induced to make the most of itself, and all should realize that the further and faster it progresses the better it will be for the country.

The Negro asks only for a fair chance, and in seeking that he is asking for nothing to which he is not clearly entitled.

Harvard graduates will have the aid of a sort of "bureau" in New York, which will endeavor to get jobs for them. Early in the course they probably did not dream of the need of any assistance of this sort, fondly believing that a "diploma" would be all-sufficient. But diplomas are so common nowadays that something more is required by the wise man looking for help.

It is announced that Americans are going in heavily for foreign trade. But how can they expect to succeed if they cannot stand the competition of foreigners at home? There appear to be some discrepancies in the outgivings of the present time regarding business matters.

A ball game scheduled for a Vermont town last Sunday was called off, but let no one jump to the conclusion that this is a sign that the world is growing better. The reason was that one of the competing teams missed its train and failed to show up.

In one of the health sermons in Philadelphia Sunday the speaker said that a pig as a pet is preferable to a dog or a cat, as he is not a carrier of disease. In the effort to improve the general health the public is being offered some peculiar nostrums.

There is to be a world church peace council in Switzerland in August. It is to last only four days, and unless it makes faster progress than the Niagara Falls conference the results will hardly pay traveling expenses.

It is said that the Chinese constitution seems well suited to the country. Most Americans feel that way about our own constitution, though there are a few notable exceptions.

The very atmosphere is loaded with education, but never mind. It will soon be over and then the fathers of the boys and girls can begin hayin'.

Secretary Redfield says business is good and growing better. But perhaps this is merely a "psychological" assurance.

Boating and bathing fatalities are now added to the list of Sunday tragedies. Every season has its perils.

## CONFUSED THE FIREMEN

The indicators at the central fire station and at the Hanover street house this morning on the first round showed up, sixty-eight and in the second round, fifty-nine. As there are no boxes of either number the firemen were naturally confused. Mr. Hodgson of the firm of White and Hodgson was the first to inform the firemen at the Hanover station that the fire was in Masonic block.

Several young men took the college examination on Tuesday for admission to New Hampshire College at Durham. Owing to the large number from this city the examination was held at the high school.

# CURRENT OPINION

Old Stock Not Showing as Much Vigor as New; Society Dying at the Top.

Descendants of what one may call the "old stock" whose prosperity has been reached are living in a good deal of luxury and ease upon money earned by those who went before them without a very serious and useful purpose and not contributing much to the world's better life. It may fairly be questioned whether the old stock is showing as much vigor as the new. It is an old saying that Society is always dying at the top, and there are many things to indicate its truth.

With the attainment of ease and comfort the stimulus to a larger attainment and service seems lost. Among our worst citizens, who let things go badly in our state and communities because they will not take time and trouble to fight against public corruption, are an unusual number of representatives of the old families. There seems to be a disposition on their part to make themselves comfortable and to neglect their public duties. There is a little spirit in many of our most beautiful suburban communities as you will find anywhere.

If the new generation of young men and young women are going to live upon the generation before without exertion, without sense of responsibility, they will be displaced by the children of the newcomers, to whom the future of the country will belong.—By Bishop Edwin S. Lines, of Episcopal Diocese of Newark, N. J.

# HEAVY FIRE LOSS IN MANCHESTER

(Continued from Page One)

In the smaller receptacles in the upper stories.

A cry of danger from the rifle cartridges was sounded, but the firemen gave no heed and gradually fought their way to the front and rear doors and directed every stream in the department upon the roaring furnace.

Crash upon crash resulted as the heavy weight upon the first floor fell to the basement. As in the first instance, the flames spread with rapid strides up the casings and to the floor above. The stairway was soon in the grasp of the flames and the communication to the second story was made complete. There the fire, untrampled, spread to all sides and as quickly entered the third story, and then it was conceded that the entire structure and hundreds of thousands of dollars worth of property were doomed.

As the path of the flames in the basement had perfect avenues to all parts the access to that part under the jewelry department and the office space was soon gained and the flames soon were above the grade floor in these parts of the establishment which

completed the entire floor space.

Another explosion drove back the firemen from the front of the building at 3 o'clock.

The fire extended to the building adjoining occupied by R. C. Sullivan as an office and salesroom for the 7-20-4 cigars. Charles M. Floyd's clothing store was also badly damaged, principally by smoke and water. At 7:30 this morning the fire was under control. The loss is estimated at upwards of \$600,000.

### Visiting Japanese Squadron.

Mr. Daniels, the secretary of the navy, today sent instructions to the commandant of the Puget Sound navy yard directing him to extend a cordial invitation to the officers and midshipmen of the Japanese training squadron, consisting of the armored cruisers Asama and Azuma, to visit the navy yard during the stay of the squadron at Seattle. Secretary Daniels has received letters from Vice Admiral Kuroi and Consul General Yantaro Nishimura at San Francisco expressing their appreciation of the hospitalities.

### Believe Marine Met Same Fate as Parks.

Dispatches from Vera Cruz, say no trace has been found up to Tuesday night of the missing marine, Heinrich Thobe, of the 15th battalion, who disappeared June 20. Shortly before his disappearance he had been examined as to his mental condition. The fact that Thobe was in uniform and carried with him his rifle and ammunition, had given rise to the fear that he has met the same fate as Priv. Samuel Parks of the 25th infantry, who disappeared from Vera Cruz early in May.

### Battleship Utah Home from Mexico

Officers and men of the battleship Utah suborned by their long stay in Mexican waters, attracted much attention on the streets today. The Utah arrived off Staten Island last night and was prepared to tie up today at the New York navy yard for a three months' overhauling. Each officer and man will get a month's leave to compensate them for not having enjoyed a shore leave since the Utah left New York six months ago. The 200 men on shore leave today appeared to be in the best of health, but expressed pleasure at being able to escape the heat at Vera Cruz.

During the day and night of the landing at Vera Cruz the Utah lost two men killed and ten wounded.

## PORTSMOUTH THEATRE PROGRAMME

For Wednesday and Thursday  
The Mystery of the Hidden House

Victrola drama in two parts.  
The house contains two beautiful (?) girls. A young man proposes to one, and finds a surprising thing. It is a deep mystery, well solved and easily explained. Margaret Gibson and Alfred Vansburg are featured.

ACT—Gorham and Phillips—Singing and Dancing.

Bombarded—Schleg Comedy  
An inventor of high explosives is teased by his would-be son-in-law, who wins his daughter.

Doc Yak's Zoo—is an animated cartoon on the same reel.

Doc Yak plants a Mexican bean with sad results of a revolutionary character.

ACT—The Vannersons—Acrobatic.

The Opal's Curse—Biograph drama  
This story is based upon the popular superstition that opals are unlucky.

It looked as if the jewelry clerk was guilty of stealing the opals. A burglar, detectives and the police, and a pair of lovers are the characters.

When the Night Call Came—Selig drama.

How a daughter of the submerged is raised to high ideals and a good life through the power of love, is the crux of an interesting story.

Monday and Tuesday—"Dolly of the Dailies"—Edison. This is the ninth story in this series entitled: "A Terror of the Night." With Mary Fuller, Dolly meets a ghost!

## AFTERNOON FIRE

Department Called to Sussman's Dye House on Penhallow Street.

At 2.30 this Wednesday afternoon an alarm from Box 51 at the corner of Bay and Market streets called the fire department to Penhallow street for a fire in the building occupied by Harry Sussman as a dye house. The fire started in the cleansing department and the firemen soon had several streams of water pouring into the building. The loss will undoubtedly be heavy owing to the expensive and large amount of goods in process of cleansing. The fire was soon under control.

### OFF FOR KEENE.

DeWitt Clinton Commandery Turns Out With Goodly Numbers.

Headed by Larvey's Outlet Band of Lynn the members of DeWitt Clinton Commandery, Knights Templar, marched to the Boston & Maine railroad station shortly after 7 o'clock this Wednesday morning and boarded a train for Keene where they will pass St. John's Day as the guest of Hugh DeWitts Commandery of Keene. The program includes a trip to Spofford lake, where the greater part of the day will be passed and the St. John's from this city are anticipating a fine outing.

# CARRANZA REJECTS ANOTHER PLAN OF U. S.

## Will Not Meet Federal Representatives and Will Play Game Alone.

New Orleans, June 23.—Carranza will not accept the invitation of the United States Government to meet informally with the agents of Huerta in an endeavor to select a provisional president of Mexico, according to a statement here today by Alfredo Herrera, private secretary of Carranza, and a member of the latest commission Carranza is sending to Washington.

### Two Peace Conferences

Niagara Falls, Ont., June 23.—Mexican, American and Huerta delegates were accepted today in making arrangements for the informal conference between representatives of General Carranza and General Huerta, at which, it is hoped, an agreement will be reached on the individual who is to be provisional president of Mexico. On the delegates from the two Mexican factions themselves will rest the burden of selecting the man of the hour—a task which denuded the mediation conference and nearly disrupted it last week. By turning over the delicate question of personnel to the Mexicans themselves for settlement, the mediators and American delegates alike feel temporarily relieved. There can be no charge of foreign dictation on the mediators' part, for the American Government, it is understood, is ready to recognize whoever is elected upon the two Mexican delegates.

### GREENLAND

Harry Tyler and family of West Newbury have taken residence here. The Woman's Home Missionary Society met with Mrs. M. L. ... recently. Miss Alice Clough of Kittery has been visiting her parents Mr. and Mrs. A. M. Clough. The Ladies' Aid Society of the M.

Church will hold a food sale on Friday afternoon at the vestry. Mrs. George Clark of Stratham has been the guest of Mrs. Luruk Murr. Miss Lois Peck has returned from Portland, Me., where she attended the convention of the New England Esperantists. Mrs. Fred Wallace of Manchester has been visiting Mr. and Mrs. G. M. Huntress. Mrs. Howard I. Brackett of Lynn has been the guest of Mrs. Henriette Brackett.

## SUNDAY SCHOOL PICNIC A SUCCESS

About 200 enjoyed the annual picnic of the Middle Street Baptist Sunday School and parish at Round Grove Tuesday, many of them going on three special cars which left the church at 9.00 a. m. A base ball game in the morning between a nine from Mr. Schurman's class and the Young Stars was won by Mr. Schurman's class by a score of 10 to 3. The 100 yd. dash for boys was won by Clarence Rodden, Watson Dures second. The 50 yd. dash for girls by Elsie Schurman, Gertrude Tobey second. Potato race by Charles Smith, Herbert Yeaton second. Sack race for girls Elsie Schurman first, Madeline Westhoff second. Nail driving contest by Mrs. George Frisbee, Mrs. W. F. Worden second. All from the members of the cradle roll, to its oldest members of the home department thoroughly enjoyed themselves in the grove and at the beach. Four generations in one family were represented. The superintendent, Mr. Harry W. Wendell and his efficient committee did everything for the comfort and enjoyment of those present.

## MASS. LEGISLATURE WILL PASS THE RAILROAD BILL

Boston, June 23.—Without a single dissenter the Committee on Railroads voted last night, after a conference with Gov. Walsh, to report at once in the Legislature the Fisher-Ellis bill, which provides for separation of the New Haven and Boston & Maine Railroads and reserves the right of the Commonwealth to acquire the Boston & Maine stock now held by the Boston Railroad Holding Company.

A few members of the committee reserved their right to offer perfecting amendments, but not one of them voted against reporting the Fisher-Ellis bill, which carries out the Governor's original recommendation. It is some what of a somersault since the committee on Friday sent to the Senate a majority report favoring the appointment of a recess committee to study the railroad situation and report to the next General Court.

That several members of the committee were not present when the recess committee order was voted upon was brought out later. Yesterday, when the committee voted unanimously to report the Fisher-Ellis bill, every member was present except Representative James F. Barry of Agawam.

**Asked Matter be Recommitted.**  
In the morning the Joint Committee on Rules met to give a hearing on the recess committee order. Pres. Calvin Coolidge of the Senate was in the chair. The only speaker was Senator Edward Fisher of the Committee on Railroads who said:

"It seems to me that there is no reasonable doubt that the Committee on Railroads is now in a position to agree on some legislation on this matter. I would suggest that their report be discharged and that the matter be recommitted to the Committee on Railroads in order that it may clear its own decks."

Pres. Coolidge immediately announced that the Committee on Rules would act in accordance with this suggestion and the hearing was closed, after lasting not more than three minutes.

The Committee on Rules later reported in the Senate that it be discharged from further consideration of the order for a joint recess committee and recommended that further consideration be recommitted to the Committee on Railroads. This report was accepted and adopted by the Senate.

**With Governor Nearly Two Hours.**  
About 4 p. m. the Committee on Railroads held an executive session to again take up the Governor's message. After debating half an hour, Senator A. Preston Chase, Senate chairman, and Representative Peter F. Tague were appointed a committee to wait on the Governor, and to ask him if he was willing to meet the entire committee and answer questions that might be put to him.

A few minutes later the two members returned, reporting that Gov. Walsh would be pleased to meet them in the Council Chamber, whereupon the 14 members of the committee present went down to the Executive Department.

There the conference began at 4.40 and continued until 5.30. Senator Chase announced at its conclusion that

## VICTIM OF WIFE'S FRENZY IS BURIED

### Hundreds at Bier of Henry H. Folsom in Church at Newmarket.

Newmarket, June 23.—The funeral of Henry H. Folsom, member of the Somerville school board and prominent Boston attorney who was shot and killed by his wife, Mary Folsom, between Exeter and Newfields last Saturday while she was suffering from an attack of insanity, was held at the Congregational church here this afternoon. It was conducted by Rev. Charles L. Noyes, pastor of the Waterville Congregational church of Somerville of which the murdered man was a member. He was assisted by Rev. E. A. Ramsden, pastor of the local Methodist church. Vocal selections were rendered by Mrs. F. A. Durgin and Mrs. Herbert Knowlton, who was assisted by the organist, Miss Lottie Twombly. The bearers were John Walker and Bela Kingham of Newmarket, the former colleague at Dartmouth; Dr. Edward Libby a classmate of Dartmouth; Frank Durgin of Newmarket, Dr. F. E. Bateman and George Ransom of Boston.

Messrs. Kingman and Durgin represented the A. F. and A. M., and the others were Dartmouth men. It was doubtless the largest attended funeral ever held here. There were 500 including delegations of Dartmouth men, Masons, members of the Somerville school board and friends. The burial was in Riverside cemetery at Newmarket.

H. Clinton Taylor and family of Lexington street are registered at the Fargate, Rye Beach.
